Provider Compensation

CIGNA HealthCare is committed to keeping you informed about matters related to your health care plan. For that reason, we offer the following description of the way that CIGNA HealthCare compensates health care providers (physicians, hospitals and other health care practitioners and facilities) that participate in our networks.

CIGNA HealthCare compensates health care providers in ways that are intended to emphasize preventive care, promote quality care and ensure the appropriate and cost-effective use of covered medical services and supplies. CIGNA HealthCare reinforces this philosophy through utilization management decisions made by its medical directors and medical management staff. CIGNA HealthCare employees are encouraged to promote appropriate utilization of covered health care services and to discourage underutilization.

The methods by which participating health care providers agree to be compensated are described generally here. The amount and type of compensation a health care provider agrees to accept may vary depending upon the type of plan. For example, a hospital may agree to accept less for services provided to patients enrolled in an HMO plan than to patients enrolled in other types of plans. In addition, CIGNA HealthCare may attempt in various ways to promote the use of those participating providers that are the most cost-effective, while assuring quality and access to covered services and supplies.

DISCOUNTED FEE FOR SERVICE:

Payment for services is based on an agreed-upon discounted amount from the health care provider's bill.

CAPITATION:

By mutual agreement, network physicians, physician/hospital organizations (PHOs) or other provider groups are paid a fixed amount (capitation) at regular intervals for each member assigned to the physician, PHO or other provider group, whether or not services are provided. This payment covers physician and/or, where applicable, hospital or other services covered under the benefits plan. Provider groups and PHOs may in turn compensate providers using a variety of methods.

Capitation can offer health care providers a predictable income, encourage physicians to keep people well through preventive care, eliminate the financial incentive to provide services that will not benefit the patient and reduce paperwork.

CIGNA HealthCare may also work with third parties that provide network management services. Under these arrangements, CIGNA HealthCare pays the third party a fixed monthly amount per member for these services. Providers are compensated by the third party for services provided to CIGNA HealthCare plan members from the fixed amount. Compensation arrangements are agreed upon by the third parties and their contracted health care providers, and may include discounted fee for service and capitation.

Some providers and third parties that provide network management services may participate in a risk-sharing arrangement with CIGNA HealthCare; they agree on a target amount for the cost of certain services and share all or some of the amount by which costs are over or under the target. Provider services are monitored using criteria that may include accessibility, quality of care, member satisfaction and appropriate and cost-effective use of medical services and supplies.

SALARY:

Physicians and other providers who are employed to work in CIGNA HealthCare's Arizona staff-model medical facility are paid a salary. The salary is decided in advance each year and is guaranteed regardless of the services provided. Physicians are eligible for a bonus at the end of the year based on performance, which is evaluated using criteria that may include quality of care, quality of service and appropriate and cost-effective use of medical services and supplies.

BONUSES AND INCENTIVES:

Some providers may receive additional payments based on their performance, which is measured using criteria that may include quality of care, quality of service and appropriate and cost-effective use of medical services and supplies. Providers may also receive financial and/or nonfinancial incentives that promote utilization of cost-effective participating providers (such as hospitals, labs, specialists and vendors) and covered drugs and supplies.

PER DIEM:

A specific amount is paid to a hospital per day for all health care received. The payment may vary by type of service and length of stay.

CASE RATE:

A specific amount is paid for all health care received in the hospital for a given hospital stay (such as for a normal maternity delivery).

If you would like to find out which compensation method applies to services you receive from a provider, just ask the provider's administrative staff. CIGNA HealthCare Member Services is available to help with general questions at the toll-free telephone number on your CIGNA HealthCare ID card.

CIGNA LIFESOURCE Transplant Network®

As a CIGNA HealthCare member, you'll have access to the CIGNA LIFESOURCE Transplant Network®, a network of participating organ and tissue transplant centers. Developed by a team of CIGNA HealthCare clinical professionals, the transplant network includes respected hospitals and medical centers throughout the country.

Each transplant facility is evaluated for favorable rates of patient outcomes, support services and "patient friendly" environments, before it is included in the CIGNA LIFESOURCE Transplant Network.

CIGNA LIFESOURCE participants are managed by the Comprehensive Transplant Case Management Unit. This unit consists of Registered Nurses with clinical experience in transplant, hematology/oncology, home health care, dialysis, critical care and/or community care. They are specially trained to manage complex transplant cases.

Benefits from the Comprehensive Transplant Case Management Unit include:

- Clinical partnership with providers
- Consistency in service and benefit administration
- Dedicated resources for complex areas of medicine
- Advocacy
- Administrative efficiency

In some instances a travel reimbursement is offered as a feature of the program. Please be aware that most of these expenses are considered taxable income.

As a CIGNA HealthCare member, you can have access to these services when they are coordinated through your physician and your CIGNA HealthCare plan Medical Director.

You may not receive the in-network level of benefits for all types of transplants at all facilities. In addition, our network of facilities changes frequently. For the most current listings with the programs covered at the in-network benefit level, please visit www.cigna.com/lifesource or call CIGNA LIFESOURCE Member Services at 800.668.9682.

CIGNA CARE NETWORK®

Your plan may include CIGNA Care Network, composed of specialists selected from CIGNA HealthCare's broad network of participating providers. If CIGNA Care Network is part of your plan, and you need certain types of specialty care, you will receive a higher level of in-network benefits when you receive covered services from CIGNA Care Network providers.

A CIGNA Care Network provider is a CIGNA HealthCare participating doctor who practices in one of the specialties below. CIGNA Care Network providers meet certain criteria related to the number of CIGNA HealthCare members treated, quality, and/or efficiency. Another objective is to help ensure our members have adequate access to specialty care.

Allergy/Immunology	Gastroenterology	Obstetrics/Gynecology
Cardiology	General Surgery	Ophthalmology
Cardiovascular Surgery	Hematology/Oncology	Orthopedics
Colon and Rectal Surgery	Infectious Disease	Pulmonary Medicine
Dermatology	Nephrology	Rheumatology
Ear/nose/throat (Otolaryngology)	Neurology	Urology
Endocrinology	Neurosurgery	Vascular Surgery

If "CIGNA Care Network" is printed on your ID card, and you need care in one of the specialties listed above, the following apply:

- When you receive covered services from specialists who are CIGNA Care Network providers, you receive the in-network benefit level and your copayments or level of coinsurance will be lower.
- If you receive covered services from a CIGNA participating doctor who is not a CIGNA Care Network specialist, you are covered at the in-network benefit level—but your copayments or level of coinsurance will be higher.

A doctor's status in the CIGNA Care Network may change. Before visiting your doctor, always check your provider directory to find out if the provider is a CIGNA Care Network specialist. You will find the latest information on www.cigna.com.

The physicians listed in this directory are independent contractors. They are not the agents nor employees of, nor under the control of any CIGNA company.

Participation by providers listed in this directory is not guaranteed and may be subject to change. Please ask your provider whether he/she is still participating in the network or call Customer Service.
